 Trade Design and Typesetting... Hi-Res Scanning... CTP File
 Prep, Repair, Imposition.**

Polyplate (SilverMaster Digiplate): (2400dpi up to 175lpi)

- 13.3x19.X - \$10.00 ea.

Output from native programs with all links and fonts included, or composite or pre-separated Press Quality PDF

- 13.3x19.X - \$8.50 ea.

Output from templated PDF or postscript file. We will assist you in setting up your plate templates and provide PS drivers.

Our highly trained staff is here to provide full prepress services for you and your clients.

Our trade services include: single color through full color graphic design and typesetting from start to finish of any project, any size, or manipulation of files supplied to us by you or your

client. If you are already a CTP/DPM shop, we're here to help out on prepping, preflight or imposing files as well as offering our output services in emergency situations.
